

## Exosomes serum | Capacity: Bottle 30 ml

Professional soft touch serum indicated to stimulate deep regeneration and promote long-lasting skin rejuvenation.

EXOHYAL COMPLEX is Indicated to stimulate deep regeneration and promote long-lasting skin rejuvenation.

<b>INDICATIONS</b>	*As product adapts to skin need it is suitable for most skin conditions
<b>CONTRAINdications</b>	* Individual hypersensitivity to the active components * Acute inflammation * Violation of skin integrity
<b>AMOUNT OF PRODUCT PER PROCEDURE</b>	Approximately 2 ml of product is used for a complete treatment of the face, neck and décolleté.
<b>EFFECTS</b>	<i>An extraordinary blend of active ingredients that work in harmony by modulating the expression of specific genes involved in processes crucial for skin regeneration and rejuvenation, thus awakening the skin's natural potential.</i>
<b>PREPARATION</b>	1st cleanse- CLEAN MAKE UP 2nd cleanse - CLEAN 10/ CLEAN 15 or/and Rx100 depending on skin condition and type.
<b>CAN MIX WITH:</b>	n/a
<b>MICroneedling after PEEL</b>	n/a
RxCarboxy + Microneedle 0.25mm (not to be washed off)	n/a
<b>SERUM (AFTER PROCEDURE)</b>	<b>EXO-HYAL COMPLEX</b>
<b>POST PROCEDURE</b>	* HOMEO ROSE MASK + NORMAL CREAM (50:50) * DEFINITIVE MASK + NORMAL CREAM (50:50)

### ACTIVE INGREDIENTS:

#### BIO-PULSED EXOSOMES

*Skin Regeneration and Rejuvenation:* Stimulates skin repair and rejuvenation processes. Visibly reduces the depth of wrinkles and improves skin elasticity.

*Hyperpigmentation Normalization:* Promotes even skin tone, reducing dark spots.

*Anti-inflammatory and Repairing Action:* They calm inflammation and accelerate the skin's healing process.

*Gene-Remodulating Activity:* They regulate gene expression, contributing to optimal cellular response and improving skin function.

*Multi-molecular weight HYALURONIC ACID:* Improves hydration at different levels of the skin, giving it a plump and smooth appearance.

#### BIO COMPLEX:

*Inhibition of ELASTASE and CCNI:* Helps maintain skin integrity and elasticity.

*Antioxidant Action:* Protects cells from oxidative stress, reducing damage caused by free radicals.

*Anti-glycation Activity:* Prevents glycation-related cell damage, helping keep skin young and healthy.

*Anti-Senescence Action:* Counteracts the entry into senescence of fibroblasts, promoting the vitality of skin cells.

*Enhanced AQP-3 (Aquaporin) Gene Expression:* Promotes skin hydration by improving water transport into cells.

*SODIUM LACTATE:* Regulates glycolytic metabolism, supporting cell stemness. It acts as an epigenetic modulator, optimizing skin regeneration and rejuvenation.

*BACILLUS FOLIC:* Folic acid is an essential cofactor in the synthesis of DNA and RNA, thus supporting cell renewal processes. It contributes to skin repair and fibroblast vitality.

*ORNITHINE + PHOSPHOLIPIDS & GLYCOLICIPIDS:* Collagen activator + structural support and barrier.
